Project Name	Credit Card Approval Eligibility
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement):

I want to apply for a credit card, but I am not sure whether I am eligible. The approval process takes time, and I do not know the reasons if my application is rejected. I also do not know which factors, such as my income, employment status, or credit history, affect the approval decision. This uncertainty makes it difficult for me to improve my chances of getting approved. I want a quick, accurate, and transparent decision so that I can plan my finances with confidence and avoid unnecessary delays or repeated applications.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	I am applying for a Credit Card	Get my credit card approved quickly and easily	I am not sure whether I am eligible for applying a credit card	The arrival criteria are not clear, and process takes time	Confused, anxious, and uncertain about the result
